

Remarks

Claims 1-3, 12 and 14-16 are present in the application. Of these claims, claims 14-16 have been indicated allowed. Claims 1, 3 and 12 have been expressly rejected under 35 U.S.C. §112, first paragraph. The Examiner has proposed language for overcoming the rejection and he has indicated that this would also result in overcoming the rejection of the claims dependant thereon. Applicant thanks the Examiner for the proposed language and has followed his suggestions.

It is submitted that the application is in condition for formal allowance of all the claims and notice to this effect is respectfully requested.

Respectfully Submitted,
Attorney for Applicant
